

Počítej kaštiny

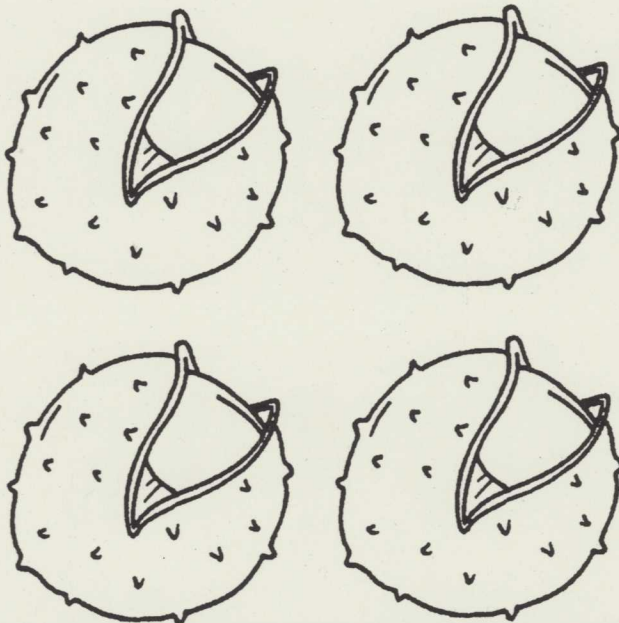

Nakresli pod obrázek tolik koleček, kolik je na obrázku kaštanů

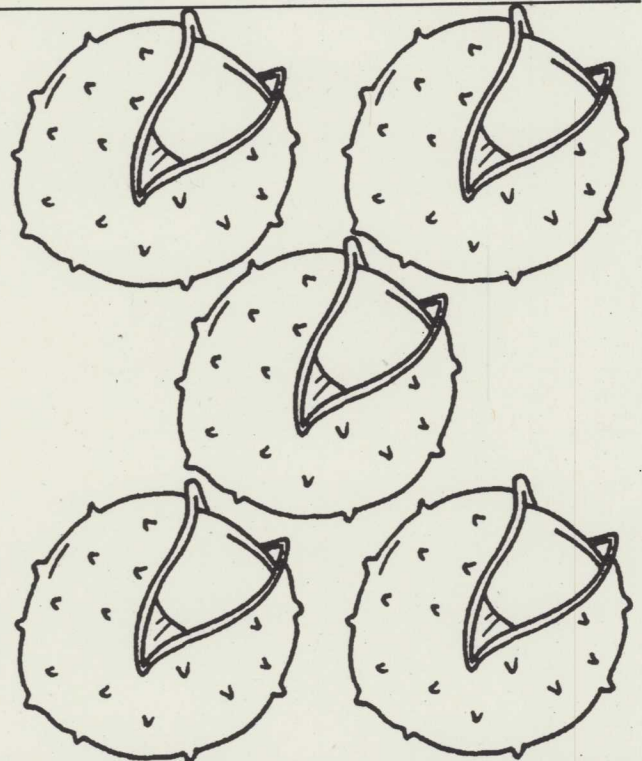

Two empty circles inside a rectangular box, intended for drawing two more chestnuts.

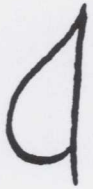

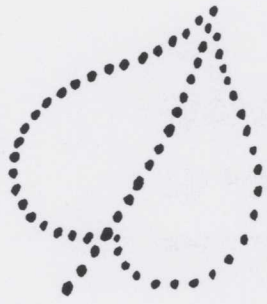

An empty rectangular box intended for drawing three more chestnuts.

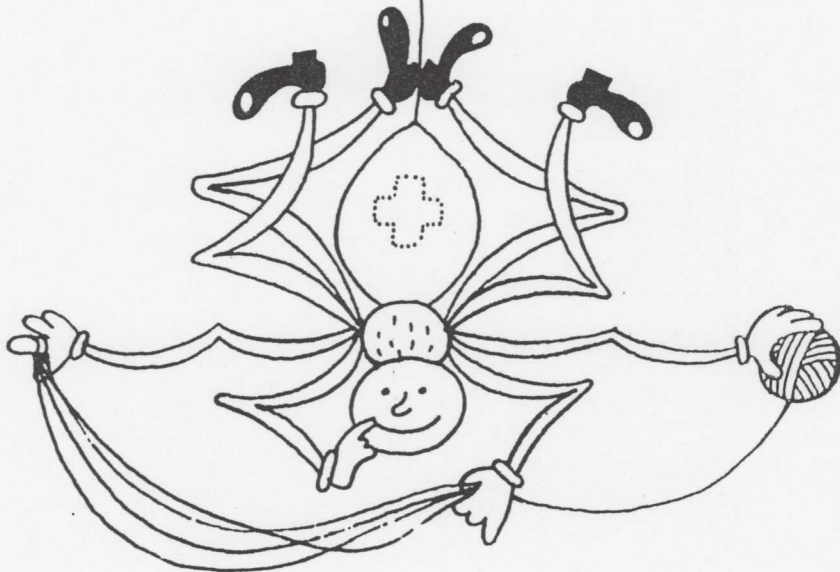

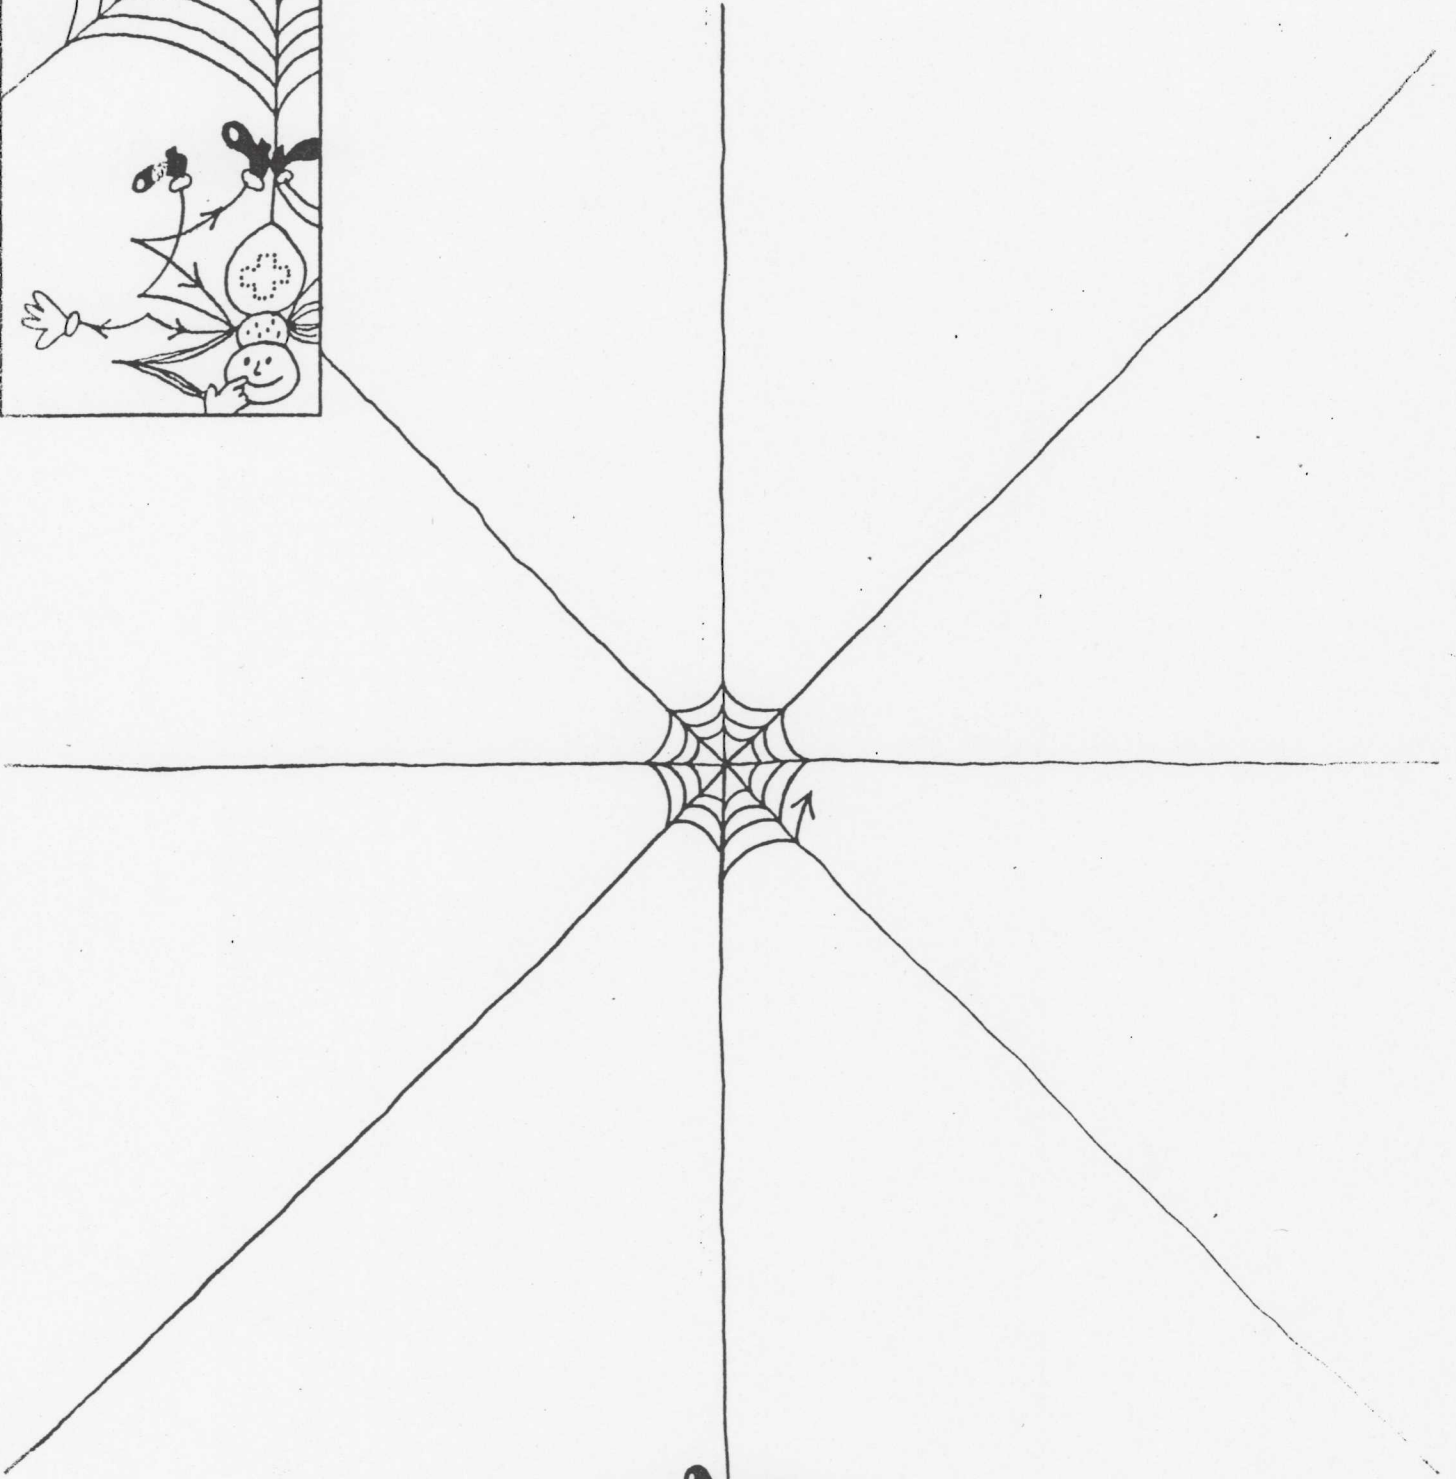

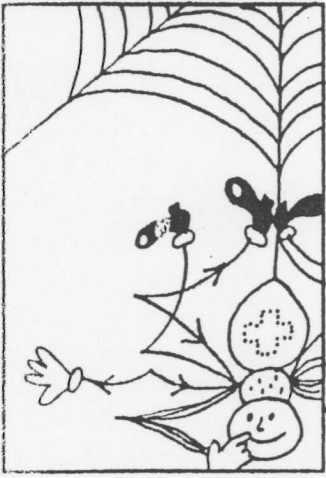

An empty rectangular box intended for drawing four more chestnuts.

An empty rectangular box intended for drawing five more chestnuts.

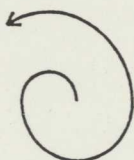

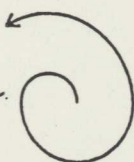

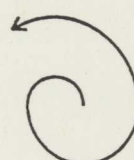

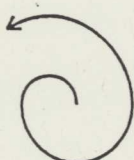

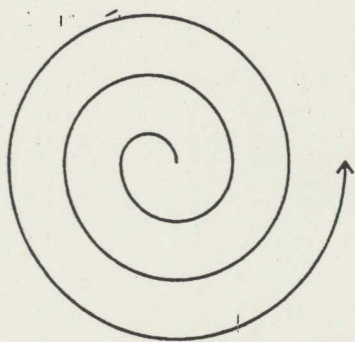

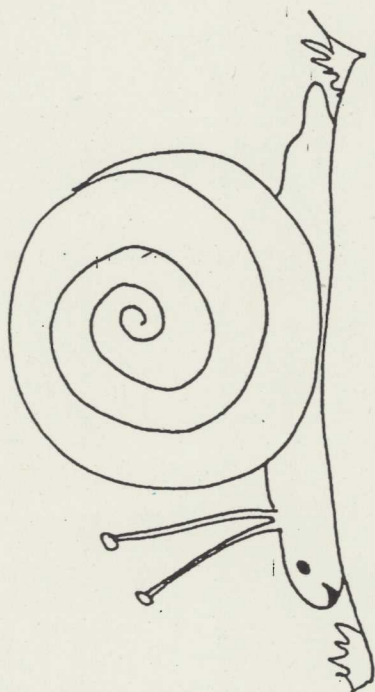

Kreslíme spirálový pohyb zevnitř ven

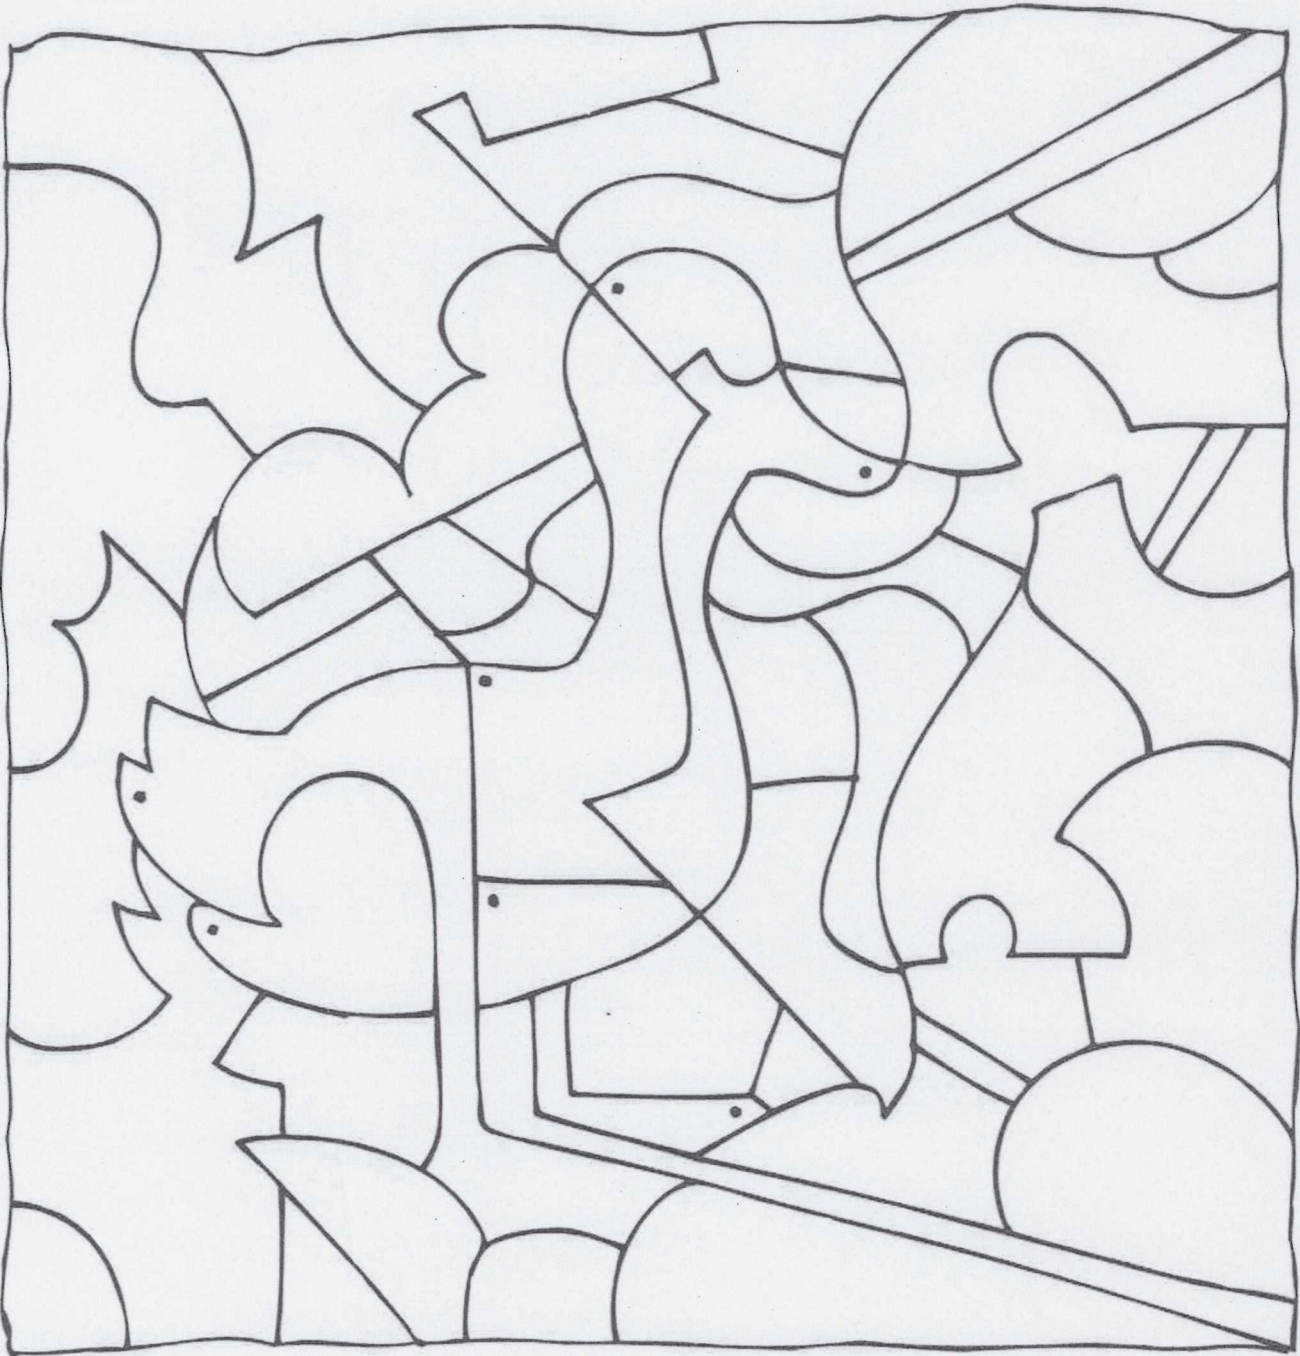

*Leze slimák z města,
daleká to cesta.
Když pak z kopce vyrazil,
ulitku si narazil.
Potom se už s boulí
cestou domů koulí.*

POSBÍREJ OŘECHY!

V bludišti je osm ořechů. Najdi takovou trasu, abys je všechny posbíral a došel zároveň do veverčina doupěte v dutině stromu. Trasu nejdříve tenče vyznačuj tužkou, abys ji mohl vymazat, kdyby ses zmýlil.

Veronika slepila z barevného papíru věž.
Všechny čtverce vybarvi červeně.

Nápověda: Čtverec má všechny čtyři strany stejně dlouhé.
